

## 兔抗 BRMS1 多克隆抗体

|        |                                       |
|--------|---------------------------------------|
| 中文名称:  | 兔抗 BRMS1 多克隆抗体                        |
| 英文名称:  | Anti-BRMS1 rabbit polyclonal antibody |
| 抗 原:   | BRMS1                                 |
| 储 存:   | 冷冻 (-20℃)                             |
| 宿 主:   | Rabbit                                |
| 反应种属:  | Human, Mouse, Rat                     |
| 相关类别:  | 一抗                                    |
| 标 记 物: | Unconjugate                           |
| 克隆类型:  | rabbit polyclonal                     |

### 技术规格

|                                    |  |
|------------------------------------|--|
| <b>Background:</b>                 | This gene reduces the metastatic potential, but not the tumorigenicity, of human breast cancer and melanoma cell lines. The protein encoded by this gene localizes primarily to the nucleus and is a component of the mSin3a family of histone deacetylase complexes (HDAC). The protein contains two coiled-coil motifs and several imperfect leucine zipper motifs. Alternative splicing results in two transcript variants encoding different isoforms. |
| <b>Applications:</b>               | ELISA, IHC   |
| <b>Name of antibody:</b>           | BRMS1  |
| <b>Immunogen:</b>                  | Synthetic peptide of human BRMS1   |
| <b>Full name:</b>                  | breast cancer metastasis suppressor 1  |
| <b>SwissProt:</b>                  | Q9HCU9   |
| <b>ELISA Recommended dilution:</b> | 2000-5000  |

|                         |                     |
|-------------------------|---------------------|
| IHC positive control:   | Human breast cancer |
| IHC Recommend dilution: | 25-100              |
